GENERAL STATEMENTS

APPRAISAL ASSIGNMENT: Car Appraisals & Claims LLC, an Independent Auto Appraisal Company, was assigned this auto appraisal by the owner of this vehicle. The purpose of this assessment is to provide a set of opinions and conclusions and to quantify the actual cash value of this vehicle.

APPRAISAL SCOPE The report's findings were established after examining statements and facts from the insured, the insurer or witnesses.

The report's findings were the result of obtaining the vehicle's current market value based on comparable vehicles and a generally accepted valuation sources.

The vehicle's market value was established after consulting and analyzing several outside sources. The "market value analysis" portion of this report indicates these sources and their perspective values. The information obtained from these outside sources is deemed reasonably credible and trustworthy.

The market value indicates the amount of money a reasonable and willing buyer is prepared to pay for said vehicle. Actual vehicle sales data was also collected from auto auctions when applicable.

The condition grade / NAAA grading score is obtained by either a physical inspection to the vehicle or a subjective analysis conducted after reviewing relevant facts and figures.

APPRAISAL COMPLIANCE: Analysis, opinions, and conclusions were developed, and this report has been prepared, in conformity and compliance with the **Uniform Standards of Professional Appraisal Practice (USPAP)**.

The person(s) requesting this appraisal shall be responsible for its findings and the appraiser's judgment and decisions and understands there is no guarantee that the amounts stated in this appraisal will be fully accepted by the other party. The appraisal requestor also agrees to our Privacy Policy / terms and conditions that can be found on [our website](#).

USPAP COMPLIANCE STATEMENT

I certify that, to the best of My knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analysis, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and they represent my personal, impartial, and unbiased professional analysis, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report, and I have no personal interest with respect to the parties involved.
- I have no bias with respect to any property that is the subject of this report or to the parties involved with this assignment.
- A personal inspection of the properties that are the subject of this report was executed.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- This report has been prepared and is based on available information, where possible, from actual comparable sales data, manufacturer documentation and recognized national automotive industry valuation sources.
- The values expressed herein are based on a market analysis and is not a warranty that the item will realize that value if offered for sale at auction or to any future value.
- Data collected from Manheim MMR, Black Book, Galves Auto Price List, NADA, KBB or other sources is intended for informative non-commercial use.
- No one provided me with significant mass appraisal assistance.

This report was generated on: 2/23/2015
